Dr. Timothy Francis Leary, Jr.
Department of Social Relations
Harvard University
Cambridge 38, Massachusetts

Dear Dr. Leary:

I regret to inform you that the National Advisory Mental Health Council, at its meeting on June 19-21, 1961, did not recommend approval of your application for a research grant, entitled "Alterations in consciousness related to psychotropic drugs."

As you know, applications are considered on a competitive basis, and it is not possible to award funds to all those who seek support.

If you should desire to submit an application for support of another research project at any time, we shall be glad to give it our full consideration.

Sincerely yours,

Philip Sapi

Philip Sapir, Chief
Research Grants and Fellowships Branch
National Institute of Mental Health
